THE RELIANCE—RATED **ARRRRGH**

M.L. Tyndall spins second yarn in Legacy of the King's Pirates Series

(NASHVILLE, TENNESSEE) Novelist M.L. Tyndall brings to life the swash-buckling adventures of 17th century Caribbean pirates in **THE RELIANCE**, releasing from Barbour Publishing in January.

Charlisse and Captain Merrick overcame all the odds in Tyndall's first novel, *The Redemption*, much to readers' delight. Five years later, newlywed bliss is replaced by everyday life. Well, the everyday life of a former pirate. Charlisse is kidnapped by the captain of *The Vanquisher*, Kent Carlton, an old enemy intent on wreaking havoc in Charlisse and Captain Merrick's marriage.

With his wife gone, Captain Merrick resorts to his old companions of violence and drink to assuage his grief over the assumption that Kent Carlton has murdered Charlisse.

M.L. Tyndall is available for interview.

Author Bio: M.L. Tyndall dreamt of pirates and ships during her childhood days on Florida's Gulf Coast. Her love of history and passion for story drew Tyndall to create the Legacy of the King's Pirates Series. She now makes her home on California's coast, where her imagination still surges with the sea.

Praise for Tyndall's first book, *The Redemption*...

"...all I can say is wow..."

Christian Bookshelf Review

"Kudos to M.L. Tyndall for giving us a pirate tale with a twist..."

Buddy Hollywood

"...M.L. Tyndall has written a fascinating story that rivals Pirates of the Caribbean, and Captain Merrick is giving Captain Jack Sparrow (Johnny Depp) a run for his money, too. I highly recommend this well-written, high-seas novel that dares anyone to label it as merely just another romance..."

Romance Junkies

"...M.L. Tyndall puts you right into the story with a fast-paced plot that never slows...I wasn't disappointed."

Dancing Word

"The Redemption is a rousing pirate adventure filled with sea battles, chases, arrests, and betrayal. M. L. Tyndall expertly interweaves history with fiction to create a spellbinding tale any lover of pirate romance will enjoy."

-- Cindy Vallar, Editor, *Pirates and Privateers*
